Senior Freeze (Property Tax Reimbursement) Application Instructions

Introduction

The Senior Freeze (Property Tax Reimbursement) program reimburses senior citizens and disabled persons for property tax increases. Because you applied for and were eligible for a 2021 Senior Freeze, you only need to show us that you met the eligibility requirements for 2022. The amount of your 2022 Senior Freeze will be the difference between the amount of property taxes that were due and paid for your base year (the first year that all eligibility requirements were met) and the amount of property taxes that were due and paid for 2022, as long as the amount paid for 2022 was greater than the base year amount. For mobile home owners, property tax means 18% of the annual site fees paid to the owner of a mobile home park.

Homeowners and mobile home owners who are receiving Homestead or ANCHOR Benefits and/or Property Tax Credits or Deductions also can receive the Senior Freeze if they meet the eligibility requirements. However, the total of all property tax relief benefits that you receive for 2022 (Senior Freeze, Homestead or ANCHOR Benefit, Property Tax Deduction for senior citizens/disabled persons, and Property Tax Deduction for veterans) cannot be more than the amount of 2022 property taxes (or rent/site fees constituting property taxes) paid for your residence.

Spouse/Civil Union Partner. Any reference in this booklet to a spouse also refers to a spouse who entered into a valid same-sex marriage in another state or foreign nation and a partner in a civil union (CU) recognized under New Jersey law.

Impact of State Budget

Eligibility requirements, including income limits, and benefits available under the Senior Freeze program are subject to change by the State Budget.

Any changes to the eligibility requirements and benefit amounts for 2022 will not be finalized until

the completion of the State Budget that must be adopted by July 1, 2023. This means that the requirements, including the income limits, that are listed under "Eligibility Requirements" in these instructions may be changed by the State Budget.

For updated information on any budgetary changes to this program, check the Division of Taxation's website at nj.gov/treasury/taxation/ptr or call 1 (800) 323-4400.

Eligibility Requirements

To qualify for the 2022 Senior Freeze, you must meet all of the following requirements. (Also see "Impact of State Budget" above.)

- You must have been age 65 or older OR actually receiving federal Social Security disability benefit payments on or before December 31, 2022. You do **not** qualify if you (or your spouse) were receiving those benefits on behalf of someone else; **and**
- On December 31, 2022, you still owned and lived in the home for which you applied and were eligible for the 2021 Senior Freeze; **and**
- You must have paid the **full amount** of 2022 property taxes due on your home by June 1, 2023; **and**
- Your total 2022 income must have been \$99,735 or less, regardless of your marital/civil union status. However, if your status at line 1, Form PTR-2, was married/CU couple, and you lived in the same household, you must combine your incomes for that year.

You **cannot** apply for a Senior Freeze for a:

Reminder

The ANCHOR (previously Homestead) Benefit and Senior Freeze (Property Tax Reimbursement) programs are separate programs, and separate applications must be filed every year for each program.

If the shares of ownership are not equal, the applicant must provide documentation as to the percentage of ownership.

Deceased Residents

If a person met all the eligibility requirements for 2022 but died after 12:01 a.m. on December 31, 2022, and before filing an application, Form PTR-2 should be filed by the surviving spouse or personal representative (executor or administrator of an estate or anyone who is in charge of the decedent's personal property).

Marital/Civil Union Status

Indicate on line 1 the marital/civil union status of the applicant(s) on December 31, 2022. (See "Line 1 – 2022 Marital/Civil Union Status" on page 5.)

Name and Address

- **Married/CU Couple (joint application):** Write the name of the surviving spouse in the name field if it is not already preprinted on the application. Print "Deceased" and the date of death above the decedent's name.
- **Single:** Write the decedent's name in the name field if it is not already preprinted on the application and the personal representative's name and address in the remaining space. Print "Deceased" and the date of death above the decedent's name.

Signatures

- **Personal representative:** If a personal representative has been appointed, that person must sign the application in their official capacity. The surviving spouse must also sign if it is a joint application.
- **No personal representative – joint application:** If no personal representative has been appointed, the surviving spouse signs the application and writes "Filing as Surviving Spouse" or "Filing as Surviving Civil Union Partner" in the signature section.

- **No personal representative – single application:** If no personal representative has been appointed and there is no surviving spouse, the person in charge of the decedent's property must file and sign the application as "personal representative."

When a spouse dies prior to December 31, 2022, the surviving spouse must meet all the eligibility requirements for 2022 themselves to receive the Senior Freeze. The marital/civil union status of the survivor who was unmarried or not a partner in a civil union on December 31, 2022, is "Single." In that case, print "Deceased" and the date of death above the decedent's name, and write "Filing as Surviving Spouse" or "Filing as Surviving Civil Union Partner" in the signature section.

Check the box above the signature line and enclose a copy of the decedent's death certificate to have the check issued to the decedent's surviving spouse or estate.

Under New Jersey law, if you receive a Senior Freeze that is larger than the amount for which you are eligible, you must repay any excess you received. The amount you owe can be deducted from your Senior Freeze, Income Tax refund or credit, or Homestead or ANCHOR Benefit before a payment is issued.

Privacy Act Notification

The federal Privacy Act of 1974 requires an agency requesting information from individuals to inform them why the request is being made and how the information is being used.

The Division of Taxation uses your Social Security number primarily to account for and give credit for tax payments. We also use Social Security numbers in the administration and enforcement of all tax laws for which we are responsible. In addition, the Division is required by law to forward an annual list to the Administrative Office of the Courts containing the names, addresses, and Social Security numbers of individuals who file a New Jersey tax return or property tax benefit application. This list will be used to avoid duplication of names on jury lists.

Completing the Application

Name and Address

Your name and mailing address are preprinted on your PTR-2 application. If your mailing address is incorrect, draw a line through it and enter the correct information. Your check and next year's application will be sent to the address you provide.

If your marital/CU status as of December 31, 2022, was single, you must enter your Social Security number in the space provided on the application, one digit in each box. To protect your privacy, your Social Security number is not printed on the form. If your status as of December 31, 2022, was married/CU couple, you must report both applicants' numbers in the order in which the names are listed on the application. If you were married or in a civil union but living apart from your spouse, and you did not have access to or receive support from your spouse's income, you are considered "Single" for purposes of this program. Enter only your Social Security number on the application.

List all the income you received in 2022. Add the amounts on lines a through q and enter the result on line 4. If you were married or in a civil union as of December 31, 2022, and living in the same household, you must combine your income with your spouse's income. If your spouse died during 2022 and your status on December 31, 2022, was "Single," list only the income you yourself received (do not include your deceased spouse's income).

Joint income must be apportioned to reflect the amount you received.

2022 Income Eligibility. If your total 2022 income on line 4 was \$99,735 or less, you meet the income eligibility requirement for 2022. Continue completing the application with line 5.

If the amount on line 4 is over \$99,735, STOP. **You are not eligible, and you should not file this application.**

Income Categories

With very few exceptions, **ALL INCOME** that you received during the year, including income that you are not required to report on your New Jersey Income Tax return, must be taken into account to determine eligibility for the Senior Freeze. In most cases, you must report on your application the total (gross) amount of income you received, whether taxable or nontaxable.

If you have a loss in one category of income, it can be applied against income in the same category. However, if you have a net loss in one category of income, it **cannot** be applied against income or gains in another category. In the case of a net loss in any category, leave that line blank.

Mobile Home Owners will not have a block or lot number.

Line 8a – Multiple Owners

Homeowners. Check “Yes” only if you owned the property that was your main home with someone who was not your spouse — even if the other owner(s) did not live there. For example, you and your sister owned the home you lived in. If you (and your spouse) were the sole owner(s), check “No.”

Mobile Home Owners. If you occupied your mobile home with someone who was not your spouse and shared site fees with them, check “Yes.” If you (and your spouse) were the sole occupant(s), check “No.”

Line 8b – Percentage of Ownership

Homeowners. If you answered “Yes” at line 8a, enter the share (percentage) of the property you (and your spouse) owned.

Example: You and your spouse owned a home with your sister. Your sister did not live with you, and you and your spouse paid all the property taxes. You must enter 50% on line 8b of your application because you and your spouse owned only one-half (50%) of the property. If your

sister also is eligible, she must file a separate application.

Mobile Home Owners. If you answered "Yes" at line 8a, enter the share (percentage) of site fees that you (and your spouse) paid.

Line 9a – Multi-Unit Properties

Check "Yes" if your main home was a unit in a multi-unit property that you owned. For example, you owned a property consisting of four residential units and you occupied one of the units as your main home. If the property is not a multi-unit property, check "No."

"Unit of residential property" means a single, separate dwelling unit that includes complete, independent living facilities for one or more persons. This unit must contain permanent provisions for living, sleeping, eating, cooking, and sanitation along with separate kitchen and bathroom facilities.

NOTE: Residents of condominium complexes, co-ops, and continuing care retirement facilities are not considered to be living in multi-unit properties and should check "No."

Line 9b – Percentage of Occupancy

If you answered "Yes" at line 9a, enter the share (percentage) of the property that you (and your spouse) used as your main home.

Example: You owned a four-unit property. The units are equal in size, and one of the units was your main home. You occupied one-fourth (25%) of the property as your main home. Enter 25% at line 9b.

NOTE:

- If the property you owned consists of more than four units, you do not qualify for the Senior Freeze, even if one of the units was your main home.
- If the property you owned contains more than one commercial unit, you do not qualify for the Senior Freeze, even if it also includes a residential unit you used as your main home.

Property Taxes (Lines 10–11)

Line 10 – 2022 Property Taxes Homeowners

Check the box if the property spans more than one lot or is located in more than one municipality, or if you paid property taxes on any other nearby unoccupied lots that you use for residential purposes (e.g., empty lot used as a yard, a lot with a garage or parking space). Include taxes assessed and paid on the additional lots on line 10.

Enter your total 2022 property taxes due and paid on your main home in New Jersey. (If you received a senior citizen's deduction, veteran's deduction, a Regional Efficiency Aid Program (REAP) credit, and/or Homestead Benefit credit(s), enter the amount of property taxes actually due and paid before the deduction(s) and/or credit(s) were subtracted.)

If you enclose Form PTR-2A, you must enter on line 10 the amount of 2022 property taxes from the box at line 5 in Part II.

Enter dollars and cents, one digit in each box. Do not use dollar signs or dashes. You must have paid the full amount of property taxes due by June 1, 2023, to be eligible.

NOTE:

- If you (or your spouse) are a totally and permanently disabled veteran who received a 100% exemption from local property taxes in 2022, you are not eligible for a Senior Freeze, even if a portion of the property was rented to a tenant and property taxes were paid on the rented portion.
- If you made P.I.L.O.T. (Payments-in-Lieu-of-Tax) payments to your municipality during 2022, these payments are not considered property taxes for purposes of this program.

Residents of cooperative dwelling units and continuing care retirement facilities must get a statement from their management indicating their share of property taxes paid for the residential unit they occupy, or submit Form PTR-2A Co-op that has been certified by the co-op manager.

Multiple Owners. If you owned your home with someone who was not your spouse, enter the

2022 Form PTR-2 Instructions

proportionate share of the property taxes for your percentage of ownership listed at line 8b. The shares of ownership of the property are considered to be held equally by all owners. If the shares of ownership are not equal, enclose a copy of your deed or other documentation with your application showing your percentage of ownership.

Example: You and your sister (who lives in another state) are co-owners of a home on which you pay all the property taxes. If the 2022 property taxes totaled \$6,000, you must indicate at line 8b that you owned 50% of the property, and you must enter \$3,000 on line 10 ($\$6,000 \times 50\%$). You are only eligible for a proportionate share of the Senior Freeze based on your percentage of ownership in the property. Your sister is not eligible for a Senior Freeze for this home because she does not live there.

Multiple Units. If your main home was a unit in a multi-unit property that you owned, enter the proportionate share of property taxes for the unit you occupied as your main home.

Example: You own a four-unit property. If the 2022 property taxes for the entire property totaled \$4,000 and you indicated at line 9b that you occupied 25% of the property (one unit), you must enter \$1,000 on line 10 ($\$4,000 \times 25\%$). You are only eligible for a proportionate share of the Senior Freeze based on the portion of the property that you occupied as your main home, even if you paid all of the property taxes.

Multi-Unit Property With Multiple Owners. If you answered "Yes" at both lines 8a and 9a, use the percentage of occupancy you entered at line 9b to calculate your proportionate share of property taxes.

Mobile Home Owners

Enter your 2022 property taxes due and paid on your main home in New Jersey on line 10. (For mobile home owners, property taxes are 18% of the annual site fees due and paid to the owner of the mobile home park.) If you lived with someone who was not your spouse and shared the site fees with them, use the percentage you entered on line 8b to calculate the proportionate share of the site fees paid by you (and your spouse). Multiply

the amount of site fees by 18% (0.18) and enter the result in the boxes at line 10.

If you enclose Form PTR-2B, you must enter on line 10 the amount of 2022 property taxes from the box at line 6 in Part III.

Enter dollars and cents, one digit in each box. Do not use dollar signs or dashes. You must have paid the full amount of site fees due by December 31, 2022, to be eligible for the Senior Freeze.

Line 11 – Base Year Property Taxes

The amount of your base year property taxes is preprinted on your PTR-2 application. If the amount is incorrect, draw a line through it and enter the correct amount in the space to the left of the boxes at line 11, Form PTR-2. If you make a change to the base year property tax amount, enclose an explanation with your application.

Note: If your property had an added assessment in 2022, the Division will need to adjust the amount of your base year property taxes to also reflect the value of the added assessment. **This will reduce the amount of your reimbursement.**

IMPORTANT

You must enclose verification of 2022 property taxes (or mobile home park site fees) due and paid with Form PTR-2. See page 3 for acceptable forms of proof.

Reimbursement Amount

Line 12

Subtract line 11 from line 10 and enter the result on line 12. Enter dollars and cents, one digit in each box. Do not use dollar signs or dashes. This is the amount of your 2022 Senior Freeze. If the amount on line 12 is zero or less, **you are not eligible, and you should not file this application.**

The total amount of all property tax relief benefits that you receive for 2022 (Senior Freeze, Homestead or ANCHOR Benefit, Property Tax Deduction for senior citizens/disabled persons, and Property Tax Deduction for veterans) cannot be

more than the total amount of property taxes or rent/site fees constituting property taxes paid for 2022 on your main home in New Jersey. (For this purpose, 18% of rent/site fees paid during the year is considered property taxes.) This limitation may affect the amount of your Senior Freeze.

NOTE: Eligibility requirements, including income limits, and benefits available under this program are subject to change by the State Budget. Check the Division of Taxation's website at nj.gov/treasury/taxation/ptr or call 1 (800) 323-4400 for updated information. (See "Impact of State Budget" on page 1.)

Under New Jersey law, if you receive a Senior Freeze that is larger than the amount for which you are eligible, you must repay any excess you received. The amount you owe can be deducted from your Senior Freeze, Income Tax refund or credit, or Homestead or ANCHOR Benefit before a payment is issued.

Signatures

Sign and date your application in blue or black ink. If your 2022 marital/civil union status is married/CU couple, both of you must sign the application. The signatures on the application you file must be original; photocopied signatures are not acceptable. We cannot process an application without the proper signature(s) and will return it to you. This can delay your check.

Daytime Phone Number and/or Email Address.

Providing your daytime phone number and/or email address may help us process your application if we have questions. If you are filing a joint application, you can enter either your or your spouse's daytime phone number and/or email address.

Tax Preparers. Anyone who prepares an application for a fee must sign the application as a "Paid Preparer" and enter their Social Security number or federal preparer tax identification number. Include the company or corporation name and federal identification number, if applicable. A tax preparer who fails to sign the application or provide a tax identification number may incur a \$25

penalty for each omission. Someone who prepares your application but does not charge you should not sign your application.

2022 Form NJ-1040 Instructions

Line 20a – Taxable pension, annuity, and IRA distributions/withdrawals

Retirement income such as pensions, annuities, and certain IRA withdrawals is taxable in New Jersey. The New Jersey taxable amount may be different from the federal amount. Enter the taxable portion on line 20a.

Common types of taxable retirement income:

- Pensions from the private sector;
- Federal, state, and local government, and teachers' pensions;
- Keogh plan distributions;
- 401(k) plan distributions;
- Early retirement benefits;
- Amounts reported as pension on Schedule NJK-1, Partnership Return Form NJ-1065;
- Civil Service pensions and annuities, even if based on credit for military service. These are received from the U.S. Office of Personnel Management.

Common types of nontaxable retirement income (do not report on this return):

- Social Security benefits;
- Railroad Retirement benefits;
- Public or private disability pension benefits until the year you turn 65. Beginning with the year you turn 65, the benefits are treated as ordinary pension income;
- U.S. Military pensions and survivor's benefit payments (Most are received from the U.S. Department of Finance and Accounting Service.)

Part-Year Residents. Include only the taxable amounts you received while you were a resident of New Jersey.

Types of Retirement Plans

Retirement plans are either noncontributory or contributory.

Noncontributory. You made no contributions to your plan. Amounts you receive from these plans are fully taxable. Enter the amount from your 1099-R on line 20a.

Contributory (Other Than IRAs). You made contributions to your plan. Contributions are usually made through payroll deductions and, in general, are taxed when they are made. Contributions made to a retirement plan (other than a 401(k) plan) prior to moving to New Jersey are considered to have been previously taxed. These plans also may include employer contributions and earnings, which have not been taxed.

Since you have already been taxed on your contributions, you must determine which portion of your distribution is taxable and which is excludable. There are two methods of calculating the taxable and excludable amounts: Three-Year Rule Method and General Rule Method. To determine which method to use, complete Worksheet A the year you begin receiving pension and annuity payments.

Note: If you received a distribution from a 401(k) plan, do not complete Worksheet A. See the section on 401(k) plans. If you made a withdrawal from an IRA, do not complete Worksheet A or B. Instead, complete Worksheet C. See the section on IRAs.

Three-Year Rule Method. Use this method if you will recover all your contributions within 36 months from the date you receive your first payment from the plan, and both you and your employer contributed to the plan.

Do not report pension and annuity payments as income on line 20a until you have recovered all of your contributions. Instead, report these amounts on line 20b. Once you have recovered your contributions, the payments you receive are fully taxable and must be reported on line 20a.

Worksheet A Which Pension Method to Use

1. Amount of pension you will receive during the first three years (36 months) from the date of the first payment 1. _____
 2. Your contributions to the plan 2. _____
 3. Subtract line 2 from line 1 3. _____
 - (a) If line 3 is "0" or more, *and* both you and your employer contributed to the plan, you can use the **Three-Year Rule Method**.
 - (b) If line 3 is less than "0," or your employer did not contribute to the plan, you must use the **General Rule Method**.

Worksheet B
General Rule Method

- | | |
|--|------------|
| 1. Your previously taxed contributions to the plan | 1. _____ |
| 2. Expected return on contract* | 2. _____ |
| 3. Percentage excludable (Divide line 1 by line 2) | 3. _____ % |
| 4. Amount received this year | 4. _____ |
| 5. Amount excludable (Multiply line 4 by line 3) Enter here and on line 20b, Form NJ-1040 | 5. _____ |
| 6. Taxable amount (Subtract line 5 from line 4. Enter here and on line 20a, Form NJ-1040) | 6. _____ |

*The expected return on the contract is the amount receivable. If life expectancy is a factor under your plan, you must use federal actuarial tables to calculate the expected return. The federal actuarial tables are contained in the Internal Revenue Service's Publication 939, *General Rule for Pensions and Annuities*. Contact the IRS for this publication. If life expectancy is not a factor under your plan, the expected return is found by totaling the amounts to be received.

(Keep for your records)

General Rule Method. You must use this method if you will not recover your contributions within 36 months from the date you receive your first payment from the plan *or* if your employer did not contribute to the plan. Part of your pension is excludable and part is taxable every year. The excludable amount represents your contributions. Complete Worksheet B in the year you receive your first payment from the plan and keep it for your records. You will need it for calculations in future years. Recalculate the percentage on line 3 of Worksheet B only if your annual pension payments decrease.

Lump-Sum Distributions and Rollovers

When you receive a lump-sum distribution of the entire balance from a qualified employee pension, annuity, profit-sharing, or other plan, any amount that exceeds your previously taxed contributions must be included in your income in the year received. New Jersey has no provision for income averaging of lump-sum distributions. Report the taxable amount on line 20a and the excludable amount on line 20b.

If you roll over a lump-sum distribution from an IRA or a qualified employee pension or annuity plan into an IRA or other eligible plan, do not report the rollover on line 20a or 20b if it qualifies for deferral for federal tax purposes. The amount rolled over (minus previously taxed contributions) will be taxable when it is withdrawn.

401(k) Plans

- Contributions made on or after January 1, 1984, were not taxed when they were made. If all of your contributions were made on or after that date, your distributions are fully taxable unless your contributions

exceed the federal limit. If your contributions exceed the federal limit, you must calculate the taxable and excludable portions of your distributions using one of the methods described under contributory plans.

- Contributions made before January 1, 1984, were taxed when they were made. If you made contributions before that date, you must calculate the taxable and excludable portions of your distributions using one of the methods described under contributory plans.

For more information on pension and annuity income, see GIT-1 & 2, *Retirement Income*.

IRAs

Your IRA consists of contributions, earnings, and certain amounts rolled over from pension plans. In general, your contributions were taxed when they were made and are not taxable when you make a withdrawal. All the earnings and any amounts rolled over tax-free are taxable when withdrawn.

Use Worksheet C to calculate the taxable and excludable portions of your IRA withdrawal. If you made withdrawals from multiple IRAs, you can use a separate worksheet for each or combine all IRAs on one worksheet.

Lump-Sum Withdrawal. If you withdraw the total amount from an IRA, all the earnings and any amounts rolled over tax-free are taxable. You must report these amounts in the year you make the withdrawal.

Periodic Withdrawals. If you make withdrawals over a period of years, the part of the annual distribution that

Appendix A

2022 Form NJ-1040 Instructions

represents earnings is taxable. The amount taxable for New Jersey purposes may be different from the amount you report on your federal return.

For more information on IRA withdrawals, see GIT-1 & 2, *Retirement Income*.

Roth IRAs

Your contributions to a Roth IRA were taxed by New Jersey when they were made. Distributions from a Roth IRA that meet the requirements of a qualified distribution are excludable. Do not include qualified distributions on Form NJ-1040. If you received a nonqualified distribution, you must report the earnings on line 20a, and report the excludable portion on line 20b. A distribution that is considered nonqualified for federal purposes is also considered nonqualified for New Jersey purposes.

If you converted an existing IRA to a rollover Roth IRA during Tax Year 2022, any amount from the existing IRA that would be taxable if withdrawn must be included on line 20a.

For more information on Roth IRAs, see Technical Bulletin TB-44.
